Gun
If you ever find a gun laying around, don't touch it, and tell an adult right away. You should always assume any gun you find is real and loaded, until an adult tells you otherwise.

Shot
If you're ever around a friend who wants to play with a gun, leave the area immediately and tell an adult. When kids play with guns, it's often other kids nearby who end up getting shot!

Never
Guns can sometimes accidentally discharge, which means they shoot without someone pulling the trigger. Sometimes this happens if they are bumped against something, or if the trigger snags on clothing. Just another reason you should never handle a gun: they are dangerous!

Friend
The newspapers are full of stories of adults who have accidentally shot themselves or a friend. If even adults have gun accidents, imagine how dangerous they would be for kids to handle!
